Chess Wizards

Let's Play! Let your child be a part of one of the most successful chess academies in the country. Chess Wizards teaches the game of kings in a unique, fun, and engaging way. Kids will learn everything from basic piece movement to advanced tactics, with lessons tailored to suit students of all skill levels. Participants will receive a trophy and a folder containing all of the puzzles they complete throughout the course.

Instructor: Chess Wizards

Crazy Chemworks

Hop on board the chemistry express for this high-speed series of classes where we will explore and learn about what happens in the lab. Snap on some safety goggles to study split second reactions, learn about glow-in-the-dark technology and spend adhesive hour learning about things that cling. Discover amazing things that glow in the dark and participate in the slime Olympics. Freeze water in seconds and slide down the colorful pH scale. This whirlwind series will take your breath away!

Instructor: Mad Science- Mad Science is the world leader in fun science for children. Mad Science conducts educational, entertaining, and hands on learning activities for elementary age children throughout the Bay Area. Our unique brand of exciting, interactive activities instills a clearer understanding of how science affects the world around them. Through Mad Science your child will be able to touch, hear, smell, and taste what science is really about.

Game Design

Work in groups to develop, design, debug, and distribute your own 2D games. Using special software, students create their own games using Logic Based Programming. Even add your own music, video, animations, and photos into your game with a simple click. Don't just play games – play your OWN game!

Instructor: Freshi Films LLC is an innovational educational company delivering unique after school programs created by leading educators and media professionals who have both the passion and training to work with kids. Freshi believes that when students share their individual voices they change lives and the world.
