

Lakeside Awarded 2010 Hoffman Award for Exemplary PE Program

Article by Bob Chrisman

Kathy McKinney has been awarded a 2010 Glenn W. Hoffman Exemplary Program Award for her Physical Education and student wellness program at Lakeside School. Initiated in 1983 by the Santa Clara County School Board's Association (SCCSBA), the Hoffmann Award program showcases outstanding district programs that are innovative, creative, have a student focus, and positively impact student performance.

Lakeside's PE program, funded entirely by parent and community donations, includes twice-weekly PE classes, a noon jogging program and supervised recess games three days per week. Kathy has taught PE at Lakeside since 2004.
